Friends and Cattlemen,

January 2012

Enclosed is the EPD information on our bulls, in the upcoming bull sale. We have included actual birth weight, 205 ADJ weights, CED, birth, weaning, yearling and milk EPD's. We have also provided an abbreviated pedigree, with the sire and the dam's sire, or in some cases the grandsire. The registration numbers are also listed to enable a pedigree search from www.angus.org

Once again the bulls are being fed at Sonneman's southwest of North Platte.

We weighed the bulls on the 19th of December. During this weigh period they were putting on an average of 3.83 lbs per day, on a very high roughage diet.

This is another fine offering from the leading A.I. sires, with over 60 percent calving ease bulls. Featuring sons of Final Answer, Upward, Reflection, Gridiron, 338, CC&7 and 458N and more.

We are about 75 miles from North Platte, but give us a call, and we would be happy to meet you at Sonneman's to look at the bulls, or feel free to stop any time.

This will be our 21th annual bull sale. The sale date is April 7th, 2012. We are offering the same volume discount, free delivery within 200 miles, or a refund for taking your bull home on sale day, and the 1st breeding season guarantee.

40 purebred commercial heifers will also sell on sale day.

All performance data will be available on sale day.

If you have any questions, please feel free to contact us.
